### DWARF BEARDED IRIS

We have numerous named varieties of dwarf iris. Prices quoted on application.

**Mixed Dwarfs.** Dwarfs of many colors and sizes, yellow, white, blue, purple, mostly seedlings. Fine for rock gardens, the best iris that we know for obtaining massed color effects very early in the spring. Per dozen—50c.

## Terms

Prices quoted on bearded irises are for standard, single divisions, guaranteed true to name.

We cannot afford to dig orders totalling less than one dollar.

Prices are set on a cash and carry basis. Delivery will be made, in Bloomington, or anywhere else in the United States, if 25 cents is added to cover parcels post charges.

Plants will be dug for delivery on any Saturday after the first of June, but we recommend the first or later weeks in July as the best time for transplanting bearded iris and hemerocallis. Prices on Siberian irises are for delivery in April, 1934.

Get your plants on the day agreed on for delivery of your order! Plants re-set within 24 hours after digging will grow better than those which are out of the ground for a longer period.

3 plants for 2 times the single rate; on all varieties priced one dollar or less.

10 plants for 5 times the single rate; wherever stocks permit.

25 plants for 10 times the single rate; wherever stocks permit. Many good varieties are thus available, in quantity, at prices as low as 4 and 5 cents per plant.
